It is now an international relief and development charity with a tradition of challenging injustice and striving for a world where every community has the power, dignity, and resources to lead their own futures. The name draws from John Wesley's teaching:

at all the times you can,
to all the people you can,
as long as ever you can'

Prayer Requests for Sunday 15th November. 2026

Please pray for:

On Wednesday morning November 11th at 11am, the country came together for 2 minutes silence, on Armistice Day, to remember the sacrifice given by so many, in so many wars, that we can enjoy our freedom today.

We pray for the meeting this week in Abu Dhabi where Russia, Ukraine and the US Secretary of State Marco Rubio, were hoping to start an agreement on peace. It was announced on Wednesday that they have agreed to exchange 1500 prisoners, and they will meet again. It was reported that a small amount of progress had been reached.
We pray for the families of the people who were killed in the city of Krakow, Poland after a gunman opened fire in the market square, after he had killed his parents and sister. He later died himself in hospital. One man from York is recovering in hospital, but another from Edinburgh, James Campbell has also sadly died.

The news that all schools in England will be banning mobile phones from September 2027 is really good news. It will give our young

people the chance to actually speak to each other and socialise, which is sadly missing today, and is leading to many mental health issues among so many teenagers and young people.

We welcome the report on the state of "corridor care" in so many of our hospitals. Nights spent on a plastic chair, not even a bed. No dignity and appalling conditions when people are at their weakest. It is reported that the situation is becoming worse, and we are not even into winter yet. We pray Lord, that our new government will try and sort this terrible situation that the NHS finds itself in, and find the funding necessary for huge changes in Social care.

On a happier note, it is wonderful to see the money being raised for Children in Need this coming Friday. Owain Wyn Evans is cycling 400 miles across all 4 countries in the UK, despite falling off his bike and injuring his knee. He arrived in Birkenhead on Wednesday, and was cycling to Welshpool on Thursday. Over one million pounds has already been raised

We pray for all who are not feeling well, or waiting for hospital appointments. As the cold weather creeps in, we all wonder can we afford to put the heating on, or reach for a warm cosy blanket.!! Andy Burnham was speaking at the UN Climate control this week in Turkey where he said that 2026 was likely to be the warmest year since records began.

We continue to pray for our minister Rev. Phyl, as he continues with his recovery journey. May he feel comforted by so many thoughts and prayers coming from his 3 churches.
